B. USIB Committees:

5. Chief of the Guided Missile Branch briefed the Ad Hoc Panel of Consultants convened by the Chairman, USIB, to consider the status of the Soviet ICBM program. The briefing was concerned primarily with the fragmentary evidence available to U.S. intelligence on the production and deployment of Soviet ICBMs, and the implications of the lack of conclusive evidence of such activity in the USSR at the present time. These subjects received particular attention in the Panel's final report to USIB.
